## EMPLOYMENT

### Web Developer/Personal Assistant

Independent Contractor — 2015 to Present

I have experience building several websites from static company websites to more complex WordPress sites. After I built the website, I usually stayed with my clients for a few months for IT support and did some secretarial/personal assistant work. I also did some business research and marketing.

### IT Support Staff

Plymouth Christian Academy, Canton, MI — 2014 to 2016

I was hired primarily to support the transition that my high school made to use tablets in the classroom. I worked on various aspects of the project including upgrading the wireless network throughout campus, setting up devices, and helping students and teachers in daily use. I also do various random IT related tasks.

## EXTRA CURRICULARS

### Cross Country & Track

Plymouth Christian Academy & The Master's University — 2012-Present

Served as Captain for three years. Achieved many awards including Academic All-State and All Conference first and second team. I currently run on my university team as well.

### National Honor Society

Plymouth Christian Academy — 2015-2016

Worked in NHS sponsored activities and led the NHS Technology team, including training and supporting implementation of technology in the classroom.

### FIRST Robotics

FRC Team 4405 - The Atoms Family — 2013-2015

Worked on software team, including serving as the Software Captain for the 2015 season.

Built website ([www.team4405.com](http://www.team4405.com)) and built custom scouting software for phones and computers.

### Class Chaplain

Plymouth Christian Academy — 2012-2016

Served as the chaplain of the class of 2016 all four years. This involved giving regular devotions and leading prayers, organizing class service, and personally ministering to my classmates.
